OUR INSPIRATION

"Just information is not education, it is culturing our behaviour and attitude. It is our ability to perceive things better. The purpose of education is to increase awareness. Only education that can nourish in-built virtues can impart true intelligence."

-Param Pujya Gurudev Sri Sri Ravishankar Ji

Param Pujya Gurudev Sri Sri Ravishankar Ji is the source and force behind and beyond all our efforts. **Pujya Gurudev** is a renowned spiritual leader and founder of The Art of Living Foundation, the sole mission of which is to unite the world and propagate love, peace and compassion. Param pujya Gurudev's strong belief that 'basic human values need to be encouraged in the classroom' is the backbone of our system.

Sri Sri Academy comes under the aegis of the Sri Sri Ravishankar Vidya Mandir Trust, the education wing of the Art of Living, founded by Gurudev Sri Sri Ravishankar. The trust runs more than 200 schools as well as Sri Sri University in Cuttack, Orissa, which offers a wide array of courses for college education.

Message From The Vice President

Dear Parent,

Welcome to NEEV - The Foundation School, a temple of learning which helps build the foundation for your child! As parents I am sure you want only the best for your child and choosing the right school is one of the most important decisions you will be making.

It is a scientifically established fact that 50% of intelligence develops during the age of 0-6 years. Hence preschool years are the ideal time to focus on developing the overall personality and intellectual development of every child. After all, learning is not the transfer of new information into an empty receptacle; it is the building of new understandings by the child on the foundation of existing understandings.

A two-year old's world is a fascinating process of discovery! Children come into the world extremely receptive to its wonders. Sights, sounds and even abstract concepts make them inquisitive explorers and learners. Much before formal schooling begins, a child's early experiences help shape the foundations for their later social behaviour, emotional self-regulation and ability to read and write.

It is here that NEEV - The Foundation School, plays a crucial role in your child's future well-being. We understand that teaching children in their formative years calls for immense sensitivity. My team of highly experienced early childhood educators ensure that we hand hold your child in this unfettered journey of curiosity and create, conduct and monitor activities that capture your child's imagination.

With great pride and immense pleasure, I invite you and your child to join us as we embark on this wondrous journey together. I look forward to your active participation, constant support and best wishes, as I firmly believe that when home and school work hand in hand, we can achieve the very best for our children.

With best regards,

Abha Ohri
